

I DO NOT want any type of weakening in the DO NOT CALL list. I use to receive atleast 20 calls a day. It gets annoying, besides i have family long distance, I do not appreciate being interupted while on those type of calls. I also have a handicapped daughter, so these calls can mean a life and death issue regarding her. I strongly urge u to not allow these solicitors the ability to do so. Especailly if we (ppl in the community who sign up for the DNCL) make the effort to have this annoyance elimated from our phones.
